OBJECTIVE

I am a Full Stack Developer with 3 years of hands-on learning experience in building web applications using modern technologies. I have strong skills in HTML, CSS, JavaScript, and the MERN stack, with a good understanding of UI/UX design. I use AI tools to improve productivity and build clean, high-quality projects efficiently. I am also a gym enthusiast and an active participant in cultural activities, with first-place wins in college dance competitions, showing my dedication, discipline, and teamwork skills.

SKILLS & INTERESTS

Soft Skills

Business Communication, Client Interaction, Lead Follow-ups, Presentation Skills, Team Collaboration, AI Tools for Productivity

Tools & Platforms

Git, GitHub, AI Development & Prompt Engineering Tools

Programming Languages

JavaScript, Python, PHP

Frontend Technologies

HTML5, CSS3, Responsive Web Design

Full Stack & Backend

MERN Stack (MongoDB, Express.js, React.js, Node.js), PHP

Interests

Programming, Professional Dancing, Fitness & Gym, Video Editing

EDUCATION

Bachelor's Degree in Electronics and Technology,

SASI Institute of Technology and Enginnering
with 7.00 CGPA in B.Tech.

11/2020 – Present
Tadepalligudem, India

Board of Intermediate, Narayana Junior College

Graduated with 6.00 CGPA in Board Of Intermediate

06/2020 – 05/2022
Ramachandrapuram,
India

SSC, St. Ann Gloria EM School

Graduated with 8.90 CGPA in Secondary School Certificate

2019 – 2020
Ramachandrapuram,,
India

INTERNSHIPS

MERN STACK SUMMER INTERNSHIP 🔗 ,

smart internz and smartbridge certified mern stack developer

- Supported **application design and full stack development** using MongoDB, Express.js, React.js, and Node.js.
- Performed **code development and unit testing** to ensure functionality and reliability.

05/2025 – 07/2025

VLSI INTERNSHIP, AICTE Eduskills Foundation- skilldzire

06/2024 – 08/2024

NETWORKING VIRTUAL INTERNSHIP 🔗 , AICTE- Eduskills Foundation-juniper

04/2024 – 06/2024

EMBEDDED SYSTEM VIRTUAL INTERNSHIP 🔗 , AICTE Eduskills Foundation- Microchip

01/2024 – 03/2024

CERTIFICATIONS

Communication Skills by TCS [🔗](#)

Completed structured training in professional verbal and written communication, business email etiquette, active listening, and interpersonal skills. Developed the ability to communicate clearly with clients and stakeholders, present ideas confidently, and collaborate effectively in team-based and corporate environments.

AI Foundation course by Oracle university [🔗](#)

Artificial Intelligence course - Infosys [🔗](#)

Prompt Engineering by UpGrad [🔗](#)

Building Responsive page by Geekster [🔗](#)

Dance Competition Certificate [🔗](#)

Projects

personal-portfolio [🔗](#) , *Fully responsive frontend project*

Developed a personal portfolio website focused on clarity, user experience, and personal branding.

Taskleix (A Real world client project) [🔗](#) , *developed using MERN Stack*

- Developed a full-stack web application for a startup freelancing company using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**. Implemented responsive UI, backend APIs, and database integration while working directly with a real client.

SP Collection an clothing website [🔗](#) , *fully responsive and frontend project*

Built a responsive e-commerce style clothing website, understanding customer journey and product presentation

ECT-Cloud Vault [🔗](#) , *full stack website*

Created a full-stack document-sharing platform by gathering user requirements and improving usability

online-complaint-submission [🔗](#) , *developed using MERN Stack*

- Built an Online Complaint Registration and Management System where users can submit, track, and manage complaints easily. Developed using the MERN stack (MongoDB, Express.js, React, Node.js), this project streamlines complaint handling with roles for users, agents, and admins, improving response speed and transparency.

Book A Bunk [🔗](#) , *developed using python full stack*

- book-a-bunk - A modern hotel booking and food ordering platform. Seamlessly reserve rooms, explore menus, and order meals — all in one place! Built to simplify hospitality management and enhance guest experience.
